2.17.1023.2518

This website is hosted on an upcycled MacBook Air 2010 in my living room in Leipzig.

Chaline Bang

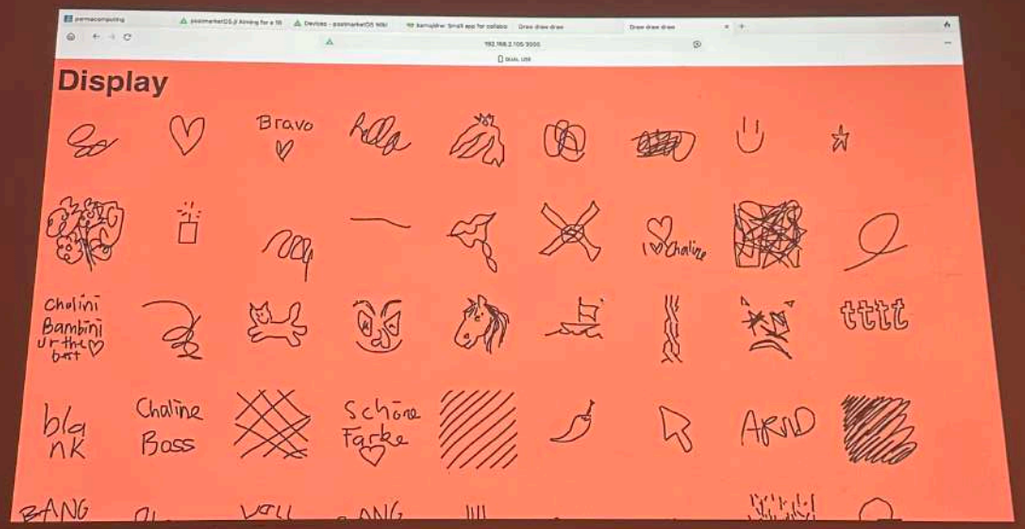

I am an artist exploring the economics of information and alternative ways of engaging with technology. My work spans physical and digital networked spaces, beyond web-based encounters to specific sites where research, subcultures and politics converge. Since 2023, I have been a member of the Rotterdam-based collective Permacomputing Evenings (PMCe).

192.168.2.105 (2025)

DRW, Samsung Galaxy S III, postmarketOS, router, beamer

Lecture performance with collaborative drawing application DRW by running on a server phone.

192.168.2.70 (2025)

smartphones, local network and server rack, chargers and power adapters

192.168.2.70 is a server running on a Samsung Galaxy S III, hosting a video edited with FFmpeg in the terminal and shared through the local network.

ffmpeg -i video.mp4 -b 1k output.mp 4

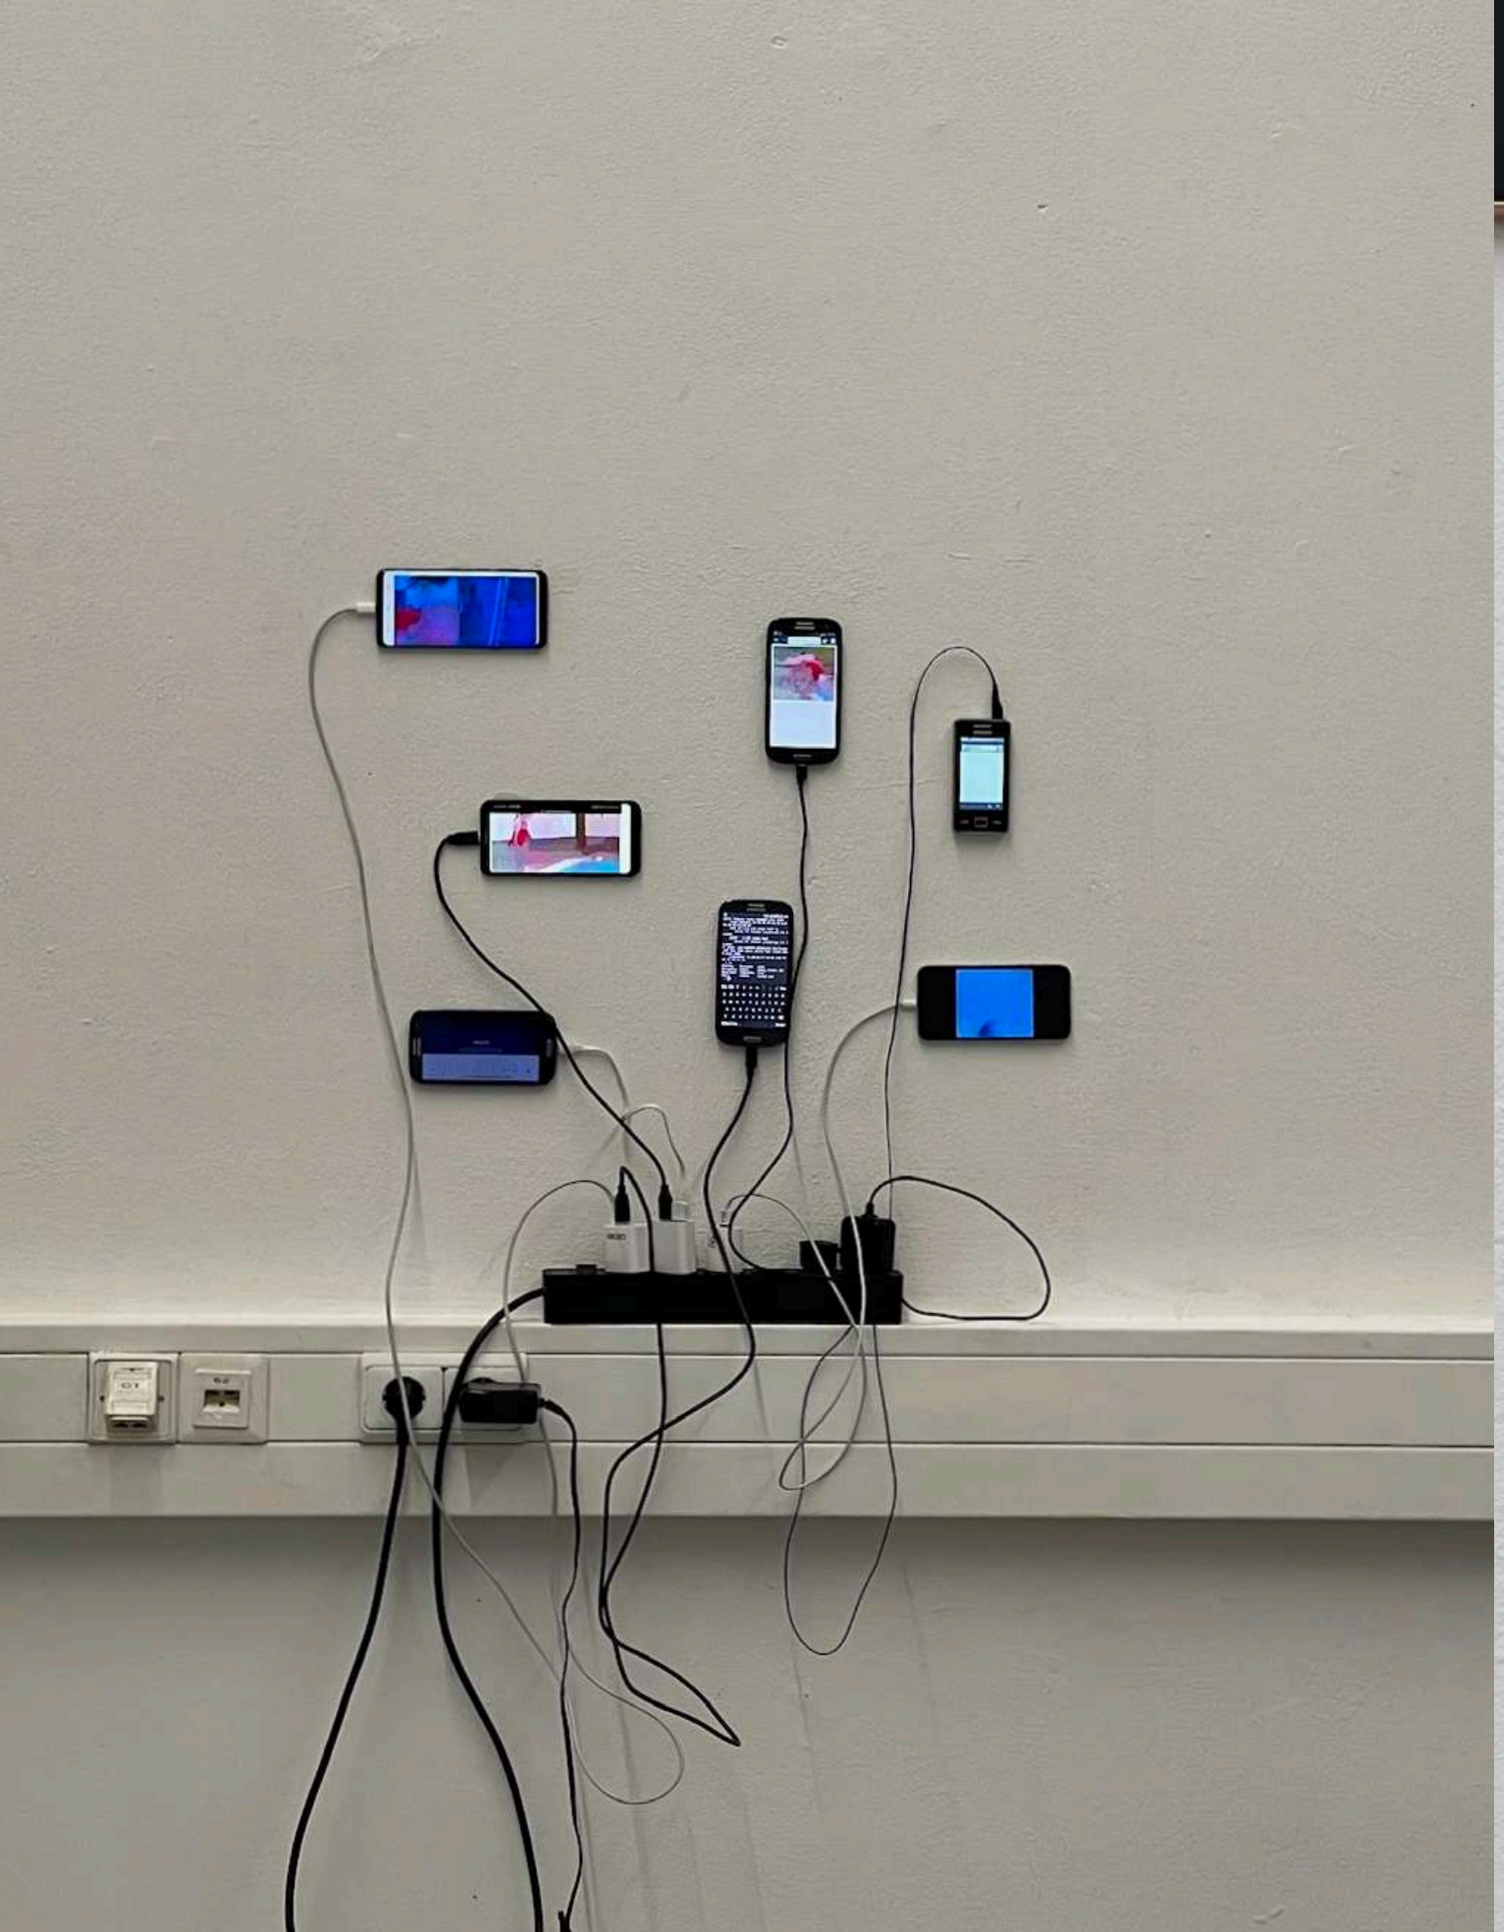

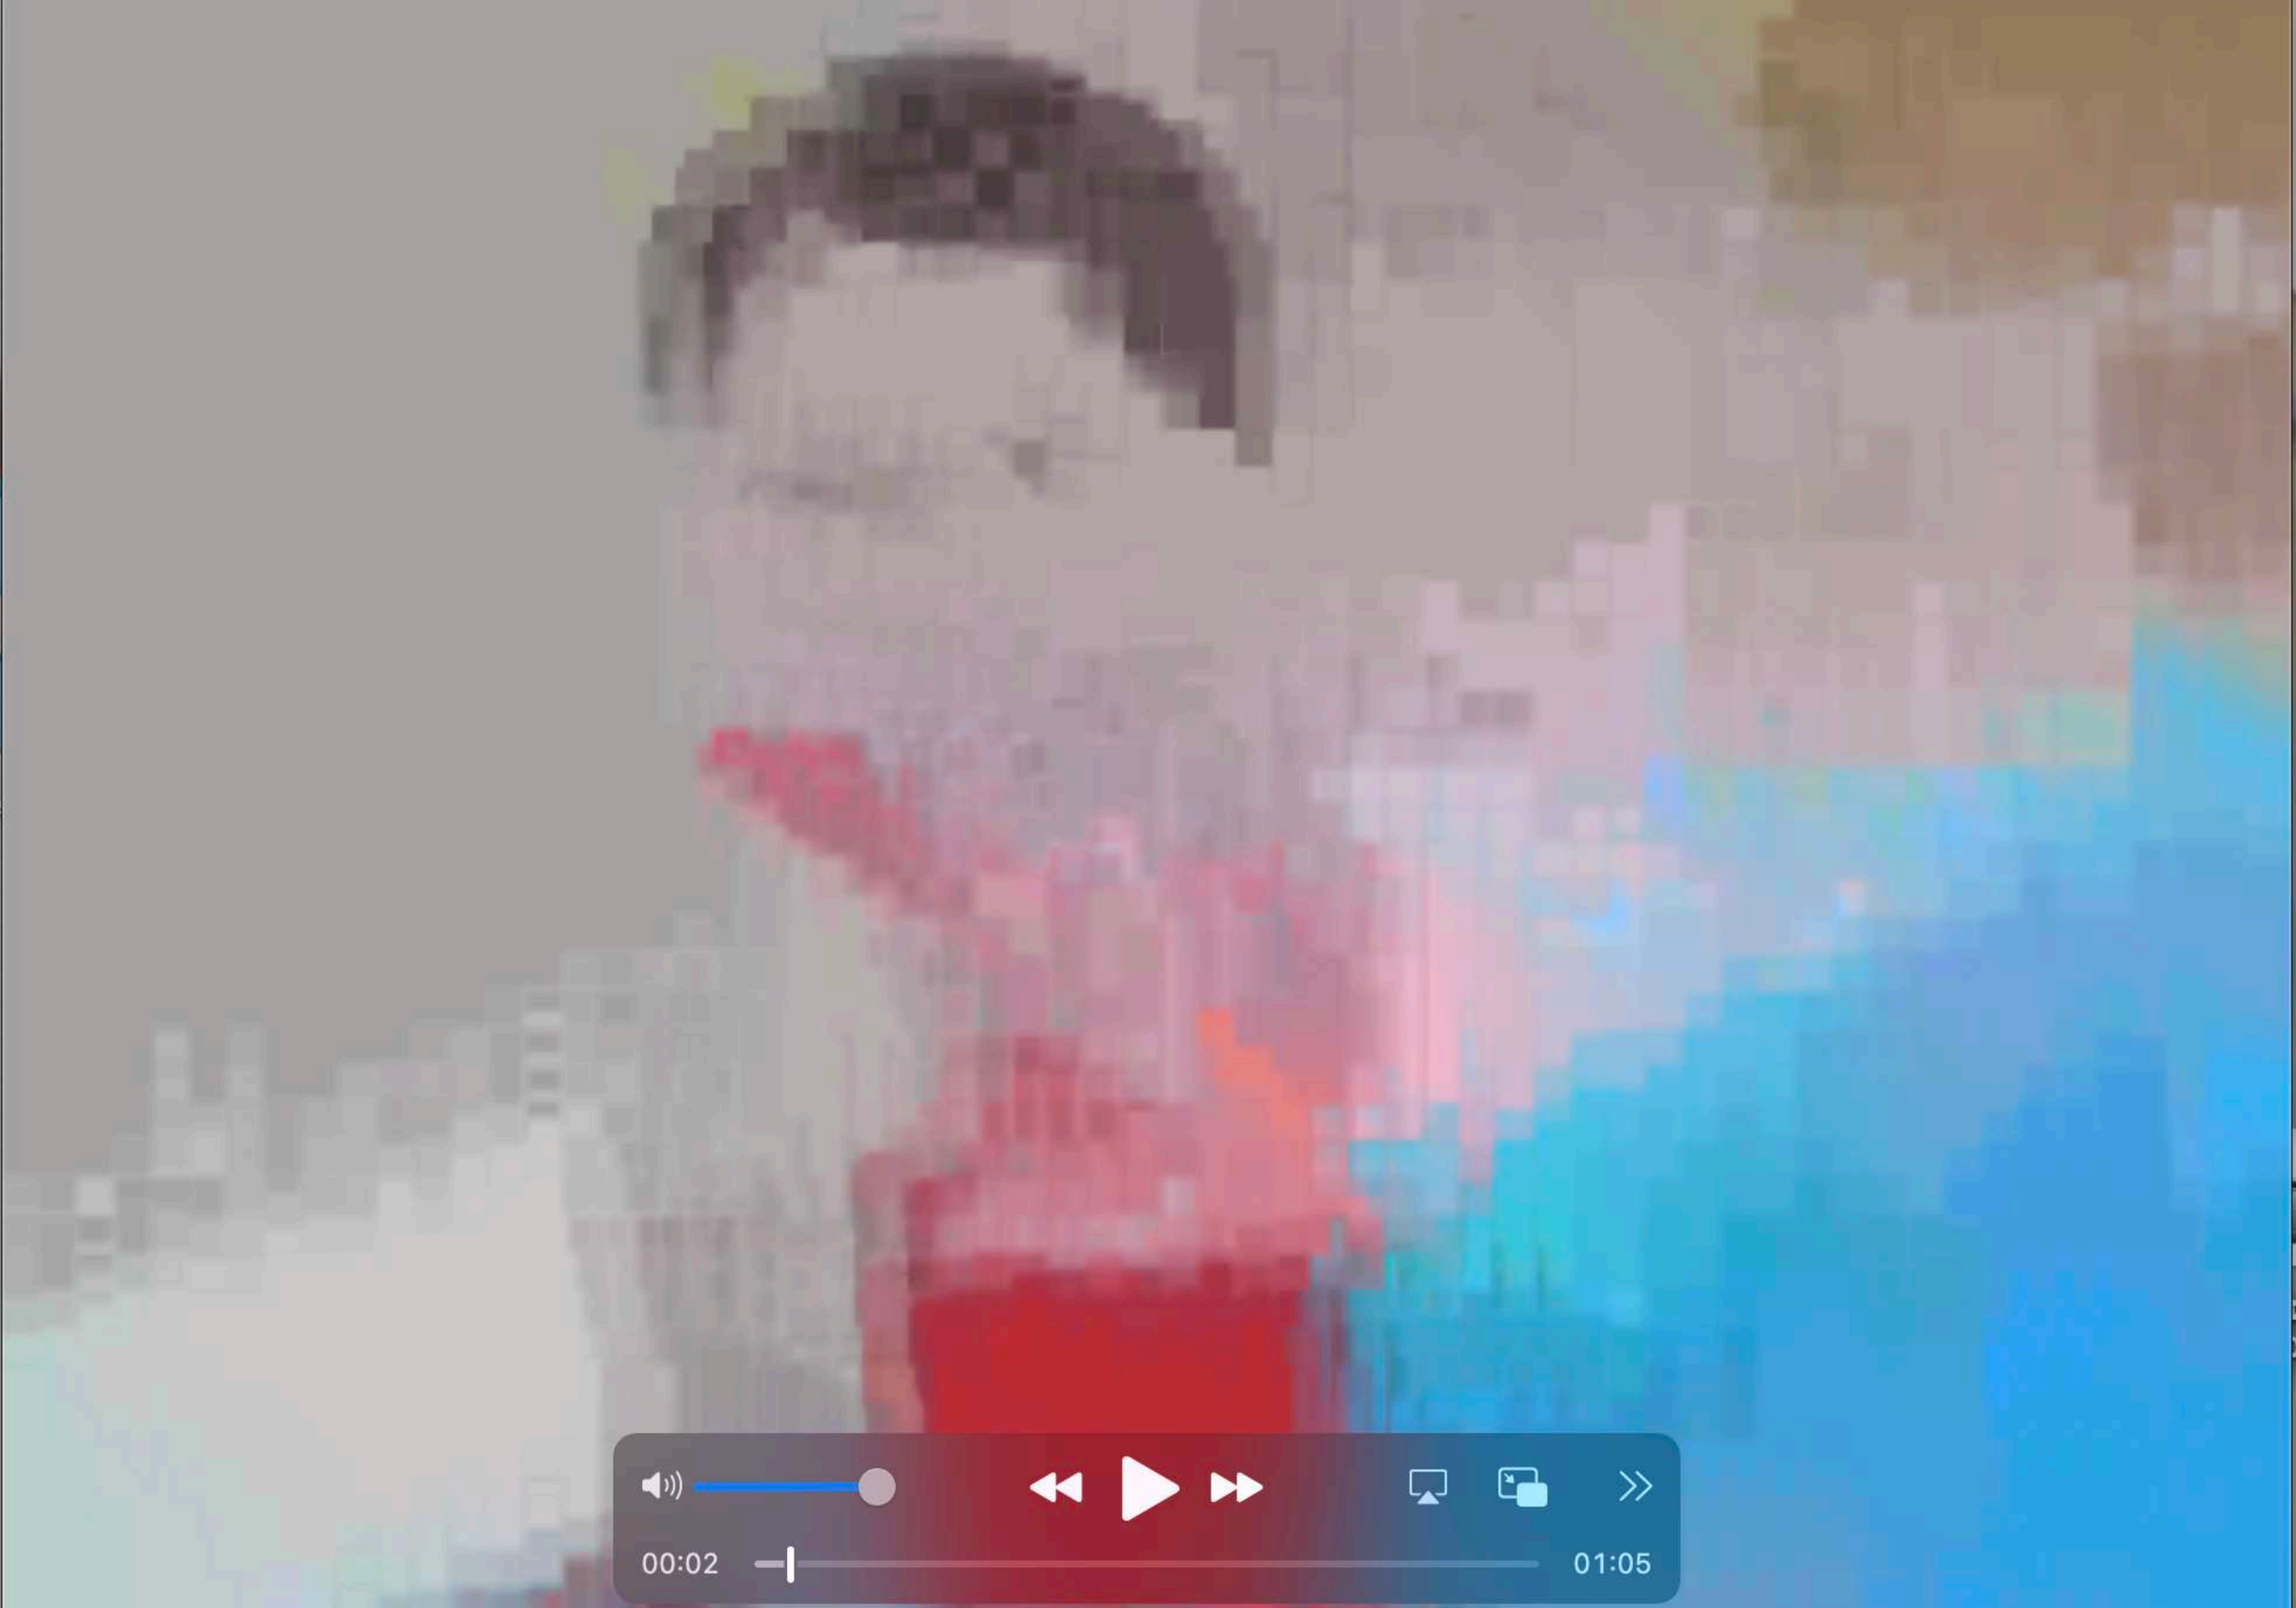

GT-19300 (2025)

server, website, local network, phones

If my phone is so smart, why am I only silly stuff with it?
This Samsung Galaxy S III GT-19300 is running postmarketOS and works as a server.

Seedling (2024)

Server, up cycled hardware, interface, video

https://seedling.chalinebang.com

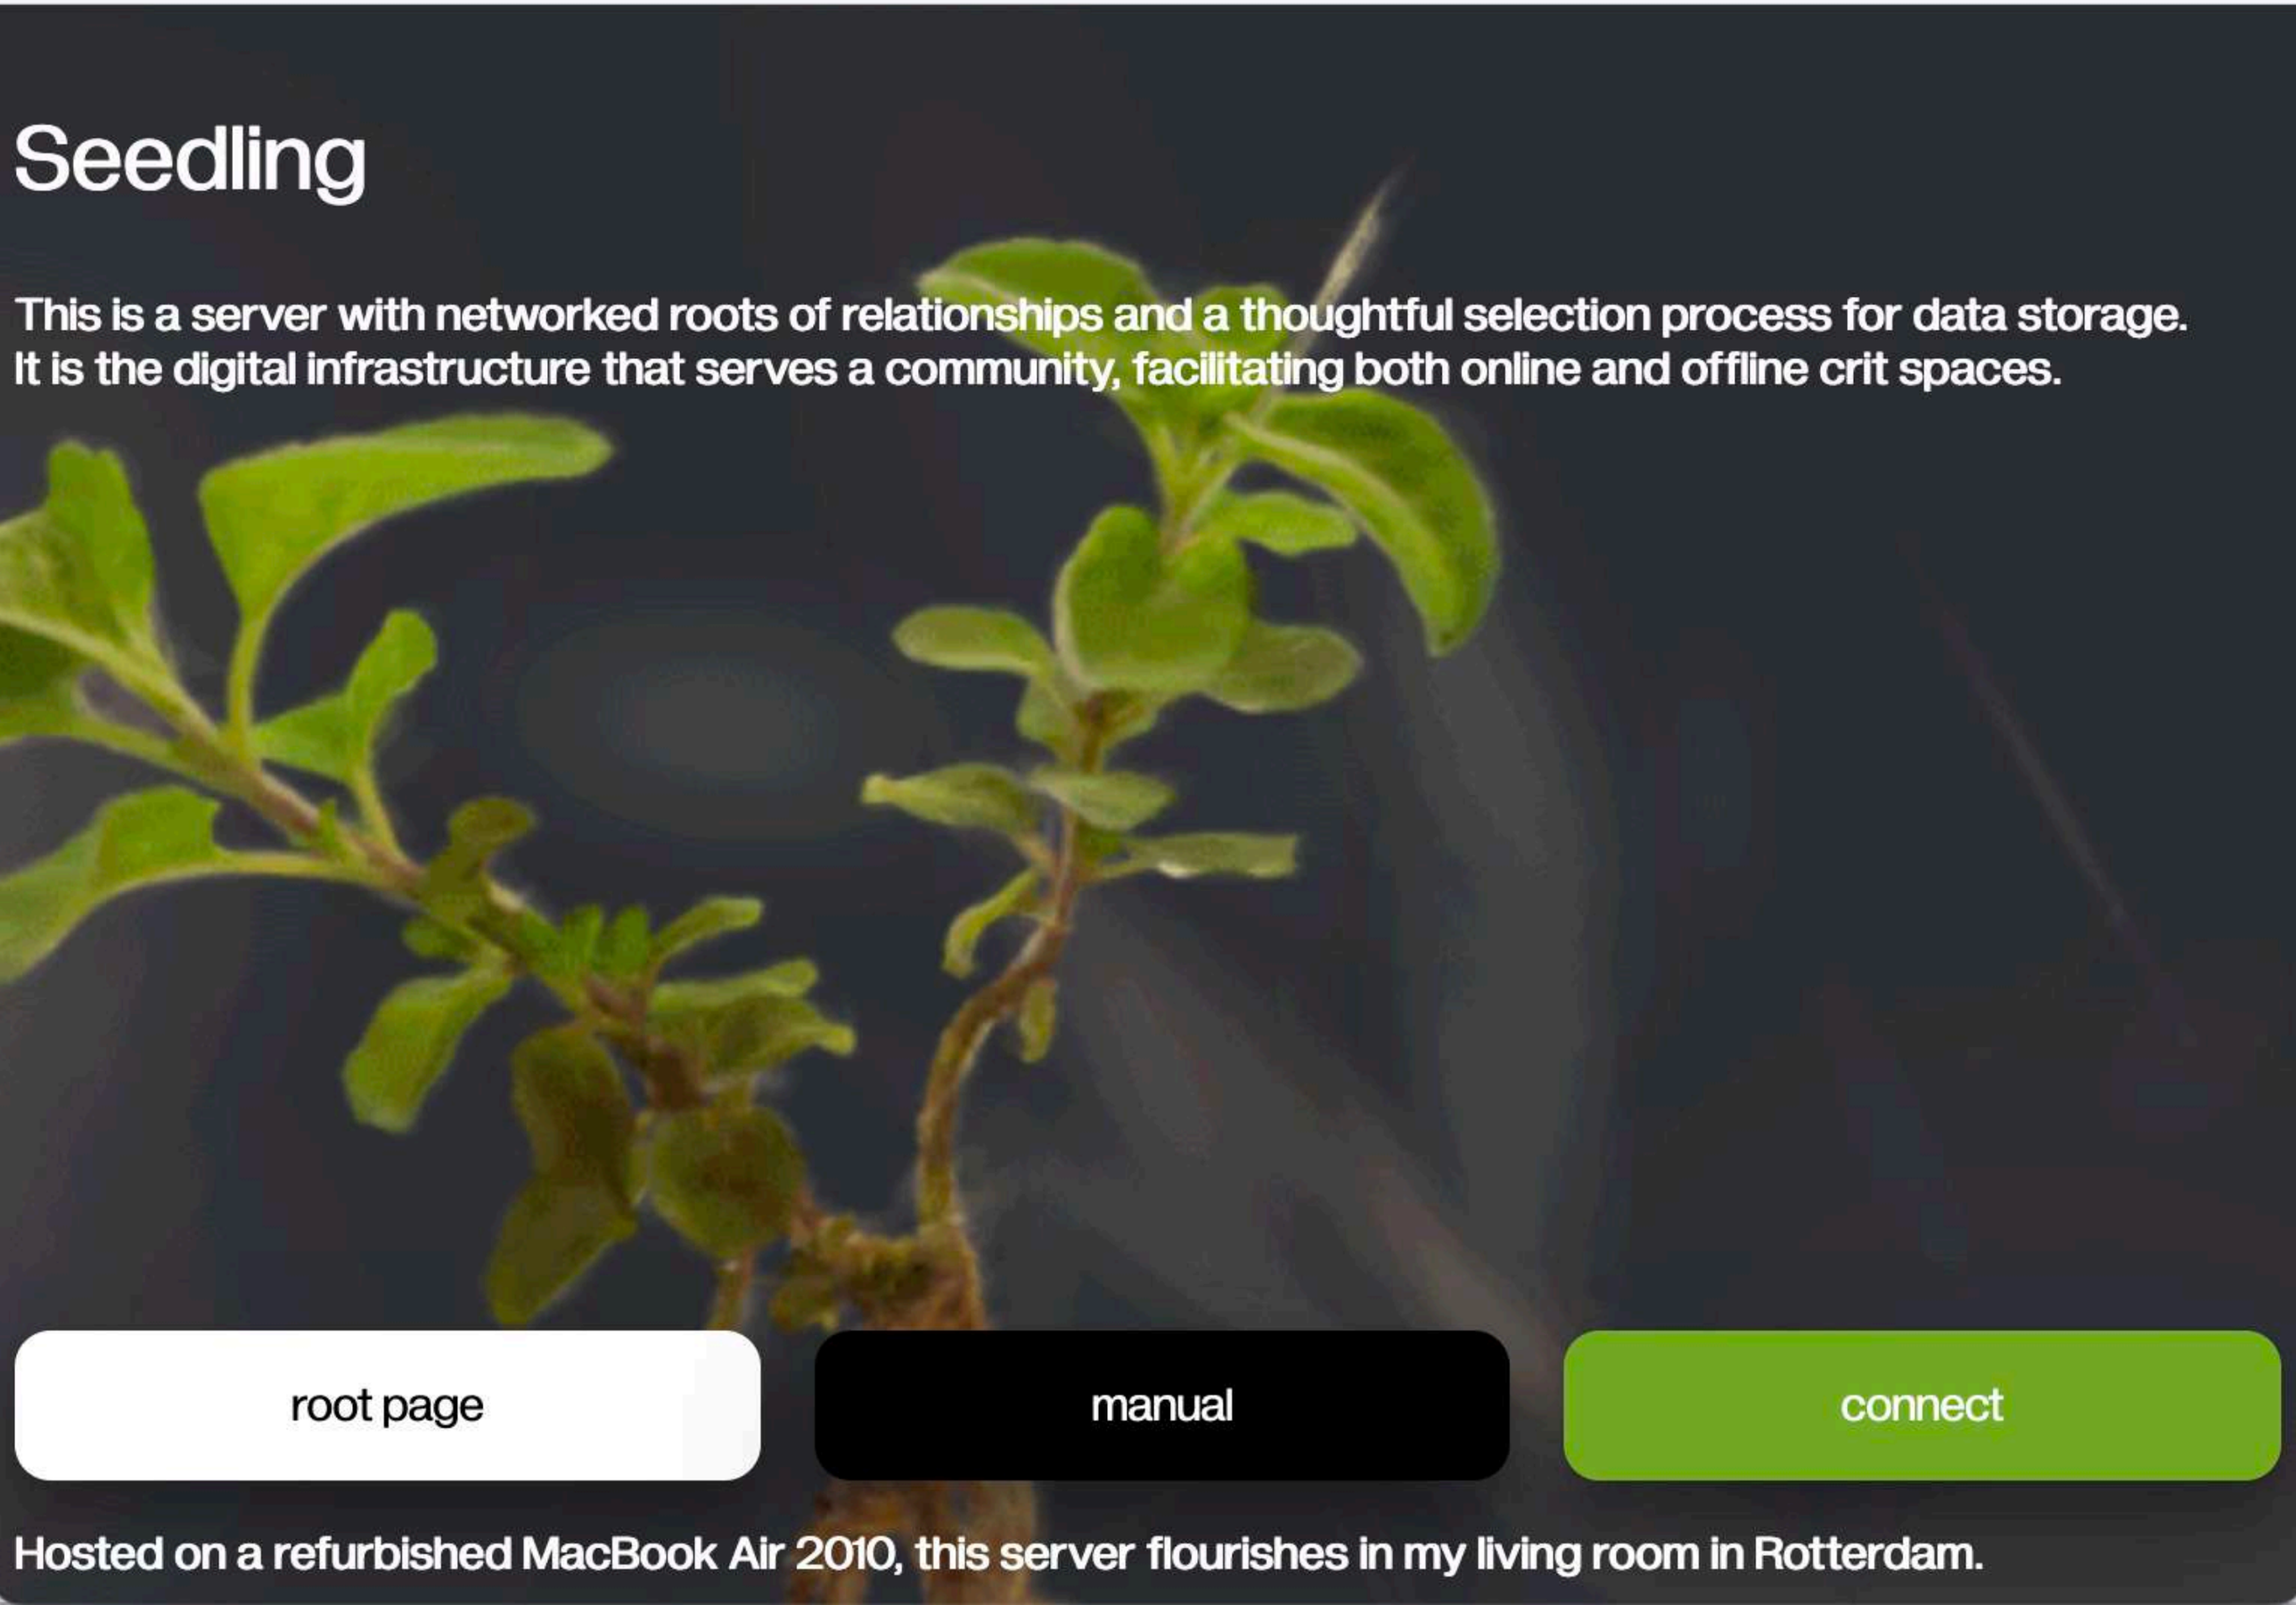

In developing a server using a 2010 MacBook Air, this work acts as the backbone of the digital infrastructure for our offline community. This server facilitates a crit space, allowing members to exchange, store, and critically engage with digital

SEEDLING

SEEDLING

https://seedling.chalinebang.com

Seedling

This is a server with networked roots of relationships and a thoughtful selection process for data storage. It is the digital infrastructure that serves a community, facilitating both online and offline crit spaces.

root page | manual | connect

Hosted on a refurbished MacBook Air 2010, this server flourishes in my living room in Rotterdam.
